

## Who we are

Rev Jim Rettie

The Christian Fellowship of Healing for the Highlands started over 25 years ago in Sutherland when believers in Jesus met together to explore and learn about the ministry of Divine Healing.

Today we are a growing group of Christians who

are convinced that this ministry as practiced and commissioned by Jesus Christ is still part of God's plan for the wholeness of His people.

The fellowship is led by Rev Jim Rettie, a retired Church of Scotland Minister, with a team of about 40 men and women who come from different denominations of the Christian Church in the Highlands and the North of Scotland.

Our approach is at all times centred on the Word of God, the Name of Jesus Christ and the guidance of the Holy Spirit.

Through our ministry, which is mostly gentle and low key we are privileged and encouraged to witness the Risen Lord Jesus continuing the healing work of His Kingdom: healing people in body, mind and spirit.

We believe that Christ intended His Church (body of believers) to be channels of His healing to people everywhere in the world and at all times past, present and future.

### Where to find us

We are based in the City of Inverness in the Highlands of Scotland, and also have active groups in Easter Ross, Moray and Tayside.

## Testimonies

“Last Sunday, I limped into church suffering much pain from my recovering broken hip. After an uplifting sermon I spoke to Edith and Hazel (team members) who prayed for me and after Edith placed her hands on the painful area I was able to walk out of the church pain free and straight—and the pain has not returned. We read of such miracles in the bible, but for one to occur in our little church in Kirkhill has left many astonished.”

A mother of five children was suffering from severe depression, constantly weeping and sometimes feeling suicidal. Three days after prayer her depression lifted and did not return. At the time of ministry, her baby who was at her breast, started giggling in a loud and joyful way as if expressing the joy that was replacing the mother's depression. The mother said that the baby had never giggled before as it was too young for such an expression. A sure sign that the Holy Spirit was at work.

In October 2012, our leader Jim suffered a heart attack and had to be resuscitated a few times. The hospital medical team eventually stated they could do no more and had all support machines disconnected from him. Whilst they were waiting for the end, Jim's ministry team along with the hospital chaplain kept praying for a positive outcome. To the amazement of all Jim suddenly opened his eyes and sat up. He is now back leading the team and conducting meetings for Divine Healing. Most people involved in the case claim that it is no less than a miracle. Praise the Lord

### Testimony of a Highland Minister

"The Ministry of Divine healing has been a real blessing to us as a congregation. as well as bringing us into precious fellowship with brothers and sisters from other Churches, it has enriched the life and witness of our local ministry. Many from our congregation have now been anointed for this work, and it has given a new dimension to our outreach with a clearer focus on the Ministry of Jesus Christ through the Divine Power and inspiration of the Holy spirit."

In the Old Testament of the Bible there are records of God promising to heal his people and delivering on that promise, but in the New Testament we find healing becoming an integral part of the ministry of Jesus. From the very start of His ministry, Jesus had the authority and power to bring God's healing to those he met, and he did so on a regular basis. As Jesus taught his disciples "he gave them power and authority to drive out all demons and to cure diseases and he sent them out to preach the kingdom of God and to heal the sick." (Luke 9:1). So not only did Jesus heal, but his disciples did also - in fact Jesus commanded them to do so.

Next we find in the book of Acts that even after Jesus was no longer on earth the early church regularly healed the sick in the name of Jesus. On their way to the temple one day Peter & John met a lame beggar - Peter said 'Silver or gold I do not have, but what I do have I give you. In the name of Jesus Christ of Nazareth, walk.' And the man did, for the first time in his life.

At CFHH we continue that work in our own age, endeavouring to do things the way they were done by Jesus and the early church, and so bringing God's healing power into the lives of those to whom we minister. We do this in the powerful name of Jesus and in His name alone. It is important to note that this Divine Healing is not dependant on the faith of the person seeking healing, but is available simply because God has made it so. The source of Divine Healing is God alone.

As the source of Divine healing is the God who made us and loves us, He is never going to do us harm. As we have to "allow God to be God" we can never predict the results, but they will always be for the good.
